

# GANIYU IBRAHIM OLAWALE

## Software Developer | Full-Stack Developer

Nigeria | [devbeelab.vercel.app](mailto:devbeelab.vercel.app) | [github.com/DevBeeLab](https://github.com/DevBeeLab) | [LinkedIn](#)

### PROFESSIONAL SUMMARY

Software Developer with hands-on experience building and deploying full-stack web applications using **JavaScript, React, Django, Django REST Framework, PostgreSQL, HTML, CSS, and Tailwind CSS**. Experienced in frontend development, REST API integration, authentication and authorization, database-driven applications, responsive UI development, debugging, and production deployment. Recent work includes Shopoint, a deployed retail management system, and an MVP examination preparation platform for Nigerian students preparing for WAEC, NECO, and JAMB.

### TECHNICAL SKILLS

**Frontend:** JavaScript (ES6+), React, HTML5, CSS3, Tailwind CSS, Responsive Design, React Hooks, React Context

**Backend:** Python, Django, Django REST Framework, REST APIs, Authentication, Authorization, CRUD, Role-Based Access Control

**Database:** PostgreSQL, Relational Database Design, Data Modeling, Django Migrations

**Tools & Deployment:** Git, GitHub, VS Code, Vite, npm, Vercel, Render, GitHub Pages, API Integration

### SELECTED SOFTWARE PROJECTS

#### Shopoint RMS

*Full-Stack Retail Management System | Live: [shopoint.com.ng](https://shopoint.com.ng)*

**Technologies:** React, JavaScript, Tailwind CSS, Django, Django REST Framework, PostgreSQL, Git

- Designed and developed a complete retail management system for day-to-day store operations.
- Built a responsive React and Tailwind CSS frontend for desktop and mobile users.
- Developed backend services and REST APIs using Django and Django REST Framework.
- Implemented multi-tenant functionality supporting a platform administration layer and individual stores.
- Implemented authentication, user management, role-based permissions, and store-level access control.
- Developed retail functionality covering point of sale, products, inventory, customers, suppliers, refunds, expenses, reports, and activity tracking.
- Integrated the frontend with REST APIs and implemented PostgreSQL database functionality through Django models and migrations.
- Deployed the application as a production system at [shopoint.com.ng](https://shopoint.com.ng).

#### Nigerian Exam Prep Platform

*Full-Stack Education Platform MVP*

**Technologies:** React, JavaScript, Django, Django REST Framework, PostgreSQL

- Designed and developed an MVP for Nigerian students preparing for WAEC, NECO, and JAMB examinations.
- Built a responsive student-facing interface for examination preparation and practice.
- Developed frontend components and application logic using React and JavaScript.
- Implemented backend functionality and REST API endpoints using Django and Django REST Framework.
- Structured application data for subjects, questions, examinations, and student practice activities.
- Integrated the frontend with backend APIs and structured the application for future expansion.

#### CheckAm

*Full-Stack Web Application*

**Technologies:** React, JavaScript, HTML, CSS, Django, REST APIs, PostgreSQL

- Developed a full-stack web application combining a React frontend with a Django backend.
- Built responsive and interactive interfaces using React and modern JavaScript.
- Integrated frontend components with REST APIs and implemented CRUD-based functionality.
- Worked with authentication, API communication, database operations, and application state.
- Used Git and GitHub throughout development.

#### Federal School of Surveying Website

*Frontend Web Development*

**Technologies:** HTML, CSS, JavaScript

- Developed responsive web interfaces focused on usability, accessibility, and clear information presentation.
- Implemented interactive functionality with JavaScript and applied modern CSS techniques for responsive layouts.

## EDUCATION

**B.Sc. Computer Science** | Ajayi Crowther University | In Progress

**B.Sc. Business Administration** | Ajayi Crowther University | Completed

**Higher National Diploma (HND), Office Technology and Management (OTM)** | Completed

**National Diploma (ND), Office Technology and Management (OTM)** | Completed

## CERTIFICATIONS & TRAINING

**freeCodeCamp:** Responsive Web Design; JavaScript Algorithms and Data Structures

**3MTT:** Technology and Software Development Training

**Microsoft:** AI Skills Navigator

## PROFESSIONAL STRENGTHS

Problem-solving • Analytical thinking • Self-directed learning • Attention to detail • Technical troubleshooting • Communication • Documentation • Organization • Time management • Independent work • Continuous improvement

## CAREER TARGET

Software Developer, Full-Stack Developer, Frontend Developer, or React Developer roles involving modern JavaScript development, full-stack web applications, REST APIs, and software products that solve practical problems.
